Professional Growth

Professional Learning Communities will become the model by which staff development is job embedded.

Technology

More Efficient repair process, and improved network reliability and staff training

Develop standards for instructional software aligned with district instructional goals.

1. IMPROVING STUDENT ACHIEVEMENT

Quality Staff

Increase recruit efforts and maintain competitive salary schedule.

Assessment Driven Instruction

Expand benchmark assessments and use of data management system.

High School Success

Begin implementation of High School success action plans.

Plan for improvement of rigor within math and language arts courses of technical pathway students.
Increase the number of students accessing advanced level courses.

Literacy for All

Complete implementation plan of district-wide writing model and balanced literacy model

Support for Students

Continue to identify and support programs for at-risk students

Transportation

Improve performance and efficiency of school bus fleet.

Process Management

Implement integrated business 'best practices'

Facilities

Improve efficiency of construction process thru routine evaluations; and achieve reduction of in-school work order completion time.

4. ENGAGING the PUBLIC in SUPPORT of STUDENT ACHIEVEMENT

Community Feedback

Improve understanding of district goals through increased stakeholder feedback opportunities.
