### SCHOOL SUPPORT ORGANIZATIONS

School Support Organizations will adhere to Public Charter No. 326 Senate Bill No. 2054. This Policy applies to all groups such as Booster Clubs and PTO's who raise money in the name of the students representing the school system.

School Support Organizations will operate within the standards and guidelines set by a related state association, if applicable, and will not promote, encourage or acquiesce in any violation of student or team eligibility requirements, conduct codes or sportsmanship standards.

The approval of the Director of Schools/designee is required before a School Support Organization undertakes any fundraising activity. This is to assure that scheduling of fundraisers does not conflict with the school districts or school's fundraising efforts and that the fundraising process is consistent with the goals and mission of the school or school district.
