SCHOOL SYSTEM OWNED VEHICLES POLICY

In accordance with the Internal Revenue Service rules and regulations, it is the policy of the Clarksville-Montgomery County School System that:

2. The district shall designate those persons who are to be provided with "qualified non-personal use vehicles" as defined in the Internal Revenue Service regulations. Such vehicles are exempt from record keeping and valuation requirements, but are governed by the provisions of this policy.
3. All school system vehicles will be used for school system business and available for use in connection with school system business.
4. School system vehicles not being used for school system business (off hours) or used for commuting pursuant to the above will be kept on school system property unless temporarily located elsewhere; for example, for maintenance. Exceptions for school buses may be made at the discretion of the Transportation Manager.
