Dear Class of 2020,

Congratulations, Class of 2020! When you walked into Rossview High School, just four short years ago, we knew immediately that you were going to be a special group. From day one, you exemplified our motto of Pride, Tradition, and Excellence. Your school spirit and commitment to excellence in all areas of high school made you an unforgettable group of students. It has been a privilege for all of us to watch you learn and grow over the past four years. You set goals for yourself, pushed each other to excel, worked together to accomplish goals, and achieved more than any other class before you. You have made your mark on Rossview, and you will never be forgotten.

In just four short years, the Class of 2020 has accomplished so much. The Class of 2020 has collectively earned over 16.7 million dollars in college scholarships, which is more than any other class and proves your commitment to academic achievement. Additionally, more students in the Class of 2020 are taking advantage of the TN Promise Scholarship and continuing their education. Among you, are members of the three time girls wrestling state championship team and 24 students who have signed with universities to participate in collegiate level athletics. Additionally, there are ten students among you who have taken an oath to serve our country by joining the military. The Class of 2020 has also logged more community service hours than any previous group. As a group, you have made a lasting impression Rossview High School and set a high standard for the students who will come behind you.

Class of 2020, you have already proven that you can do hard things and come out on the other side with a smile. You have handled this year with so much grace, and your commitment to accomplishing your goals never wavered even during a global pandemic. My hope is that you always remember that you can do anything you make up your mind to do. Set your goals high, work hard, keep your head up no matter what life throws at you, and don't let anyone or anything hold you back from accomplishing your dreams. While I would love to have one more day with each of you, that was just not meant to be for us. However, this proves to me that you were ready to spread your wings and fly. Class of 2020, from day one you were destined to change the world. Always remember the red and the gold and live your lives in such a way that you continue the Pride, Tradition, and Excellence.

Love,

*Schanda Doughty*
