Dear Graduate of WCHS Class 2020,

On behalf of the faculty, staff and administrative team at West Creek High School I would like to congratulate each of you on this accomplishment. Four years ago, when you entered West Creek we gathered in the theater for our first meeting. During this meeting I spoke metaphorically that your class was the only class with perfect vision. After all, you were the Class of 2020. At that time none of us could have predicted just how out of focus our world would become this spring and despite the chaos, caused by the pandemic, you managed to persevere to the end.

Graduates, as you begin to pursue your post-secondary opportunities in the weeks, months and years to come, I hope you do so with the same resolve that you showed in finishing this school year. There is much to be done in our world and I know that the Class of 2020 is ready to do their part. As you move on remember to live a life of responsibility, integrity, service and excellence. Let the world know that you will RISE above by the way you live your life!

The Creek is rising!
